

920 Series

Manually Operated Syringe Fillers

The 920 Series syringe fillers allow easy transfer of nonpourable fluids from cartridges to Ultra syringes. If your fluid is supplied in Semco®-type 2.5, 6 or 12 oz. cartridges, specify the 920 Series filler.

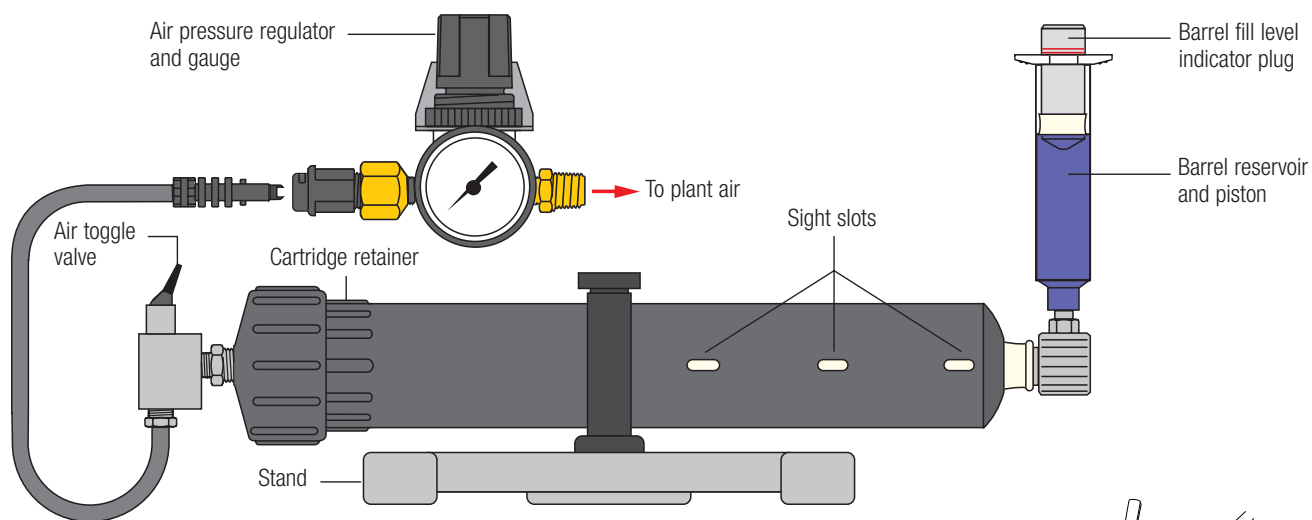

Features

- Fast and accurate filling.
- Accommodates 3cc to 55cc syringes.
- Sight slots indicate fluid level in cartridge.
- Indicators show maximum fill.
- Simple setup and cleanup.
- Ideal for short runs.
- Toggle switch for easy operation.

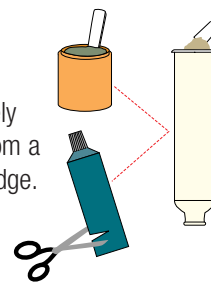

Models

- 922BL 2.5 oz.
- 926BL 6 oz.
- 920BL 12 oz.
